ABOUT US

Cricket Lovers Global Academy (CLG Academy) is a venture of the Cricket Lovers Global (CLG) group to impart specialised cricket coaching to anyone looking to develop and enhance their game.

We currently operate all-year round through two centres in Essex focusing on developing end-to-end cricketing skills of youngsters as they embark on the journey to be cricketers of the future.

Under the guidance of top-notch ECB Qualified Coaches and ex-international cricketers, the children at CLG Academy learn not only the ethos of cricket but also the skills and techniques to maximise their potential.

WHY TOUR WITH US

Our tour to Mumbai is one of its kind combining the best of cricket for youngsters and a perfect holiday for the rest of the family. It is a unique combination of luxurious hotel stay, guided city tour, local cuisines and of course the best of cricket. All this at a price that seems just too good to be true!

You don't need to worry about anything when you tour with us. Read what parents from our maiden tour had to say:

“.....the experience was nothing short of amazing for the children as budding cricketers and for me as a parent. The meticulous planning and attention to detail were evident in every aspect ...”

“.....the experience playing in Mumbai has resulted in our son further developing as a player, building in character and his mental resilience..... “

“...you couldn't have done anymore.....you gave our son and all the children the opportunity of a lifetime...In India we were treated like royalty.....Looking forward to the next tour!!!”

TOUR DATES

Given the tropical weather, Cricket is played in India pretty much throughout the year except for June-August when it rains in most parts of the country. This gives us plenty of opportunities to take tours to India.

Based on UK holidays, we believe we have the following as the best available windows for a tour to India:

- February half term
- Easter Holidays (March/April)
- October half term
- Christmas holidays
